Anti-ligature Disclaimer

Anti-ligature Disclaimer The anti-ligature design characteristics of this product are not intended to replace or substitute the need for necessary supervision of those who may be at risk, or for other necessary protective measures to be taken in the specific circumstances of usage. Kingsway Group, Inc. does not offer any products for sale as being 'ligature-free' and will not be liable for any claims arising from ligature attachment on it's products. It is the customer's responsibility to ensure that products purchased and installed are suitable for the environments they are installed in.

The STABLE door system is a fire rated split leaf door that allows the safe dispensing of medications to patients whilst keeping the lower section of the door secured.
